Ishida AC-4000 Demonstration Program Release Notes

Version July 2, 2008

This demonstration package is designed for the AC-4000 or AC-4000B. There are six label formats available which are pre-assigned to PLUs in the various departments. The keysheet is divided in to five typical departments: Meat, Seafood, Deli, Bakery, and Produce. The keysheet is designed for simple demonstration of operators, graphic image changes, preset tare weights, and country of origin information.

Download the **AC-4000_Demo.zip** file from the ricelakeretail.com web site and unzip the following files or retrieve them from the AC-4000 CD.

- ***AC4000_Demo_Keysheet_New.pdf – keysheet insert***
- ***AC4000_CompleteDemo_7-2-08.abk – i-View backup file***
- ***AC4000_Demo_Release_Notes.pdf – these release notes***

Note that the scale's firmware should be updated to version **B0401R**, or later. This is available on the ricelakeretail.com web site or on the AC-4000 CD.

Perform the following with the demo files:

- Print the keysheet PDF file using legal size paper and then laminate.
- If necessary, update the scale's firmware using i-View to version B0401R, or later.
- Use i-View or i-Support to restore the demo .ABK file to the AC-4000.

Features & Changes

1. Changed to continuous strip for all labels.
2. Altered the label formats. See samples below.
3. Added a fifth department: Produce.
4. Modified the operator keysheet layout.

The six labels are:

- Format 38 – Bakery with nutrition panel
- Format 40 – Safe Handling with graphic image printing
- Format 53 – Seafood with country of origin and production method
- Format 55 – Safe Handling with country of origin and lot tracking
- Format 57 – Frequent Shopper with graphic image printing
- Format 60 – Standard barcode label

Demonstration Operator Keysheet

Ishida AC-4000 Demonstration Program Release Notes

Version June 30, 2004

This demonstration package is designed for the AC-4000 cassette scale. There are four labels available which should be loaded into four label cassettes. The keysheet is divided in to four typical departments: Deli, Meat, Seafood, and Bakery. The keysheet is designed for simple demonstration of operators, graphic image changes, preset tare weights, country of origin information, and label changes.

Download the **AC-4000_Demo.zip** file from the ricelakeretail.com web site and unzip the following files or retrieve them from the AC-4000 CD.

- ***AC4000_Demo_Overlay1.pdf – keysheet insert***
- ***AC4000Demo_30June04.abk – i-View backup file***
- ***AC4000_Demo_Release_Notes.pdf – these release notes***

Note that the scale's firmware should be updated to version **B0401H**, or later. This is available on the ricelakeretail.com web site or on the AC-4000 CD.
Perform the following with the files:

- Print the keysheet PDF file using legal size paper and then laminate.
- If necessary, update the scale's firmware using i-View to version B0401H, or later.
- Use i-View to restore the demo ABK file to the AC-4000.

The four labels are:

- 64 x 73mm Safe Handling with graphic image printing
- 66 x 145mm three-part bakery with nutrition panel
- 64mm continuous strip
- 64 x 85mm with country of origin and lot tracking (scale prints Safe Handling instructions) (See below for sample labels)

Features & Changes

1. Add fourth label format: 64 x 85mm Safe Handling with country of origin and lot tracking.
2. Add country of origin messages and speed keys.
3. Change keysheet images to photographs.
4. Add operator name printing to continuous label format.
5. Add total price "sign post" to continuous label format.

Version June 2, 2004

This demonstration package is designed for the AC-4000 cassette scale. There are four labels available which should be loaded into four label cassettes. The keysheet is divided in to four typical departments: Deli, Meat, Seafood, and Bakery. The keysheet design also allows for simple demonstration of operators, graphic image changes, preset tare weights, country of origin information, and label changes.

Download the ***AC-4000_Demo.zip*** file from the ricelakeretail.com web site and unzip the following files or retrieve them from the AC-4000 CD.

- ***AC4000_Demo_Overlay1.pdf*** – keysheet insert
- ***APLY.BIN*** – firmware file (version B0401H)
- ***DemoPackage_2June04_B0401H.abk*** – i-View backup file
- ***AC4000_2June2004_Demo_Notes.pdf*** – these release notes

Perform the following with the files:

- Print the keysheet PDF file using legal size paper and then laminate.
- If necessary, update the scale's firmware using i-View to version B0401H.
- Use i-View to restore the demo ABK file to the AC-4000.

Ishida AC-4000 Demonstration Program Release Notes

The four labels are:

- 64 x 73mm Safe Handling with graphic image printing
- 66 x 145mm three-part bakery with nutrition panel
- 64mm continuous strip
- 64 x 85mm with country of origin and lot tracking (scale prints Safe Handling instructions)
  (See page 2 for sample labels)

Features & Changes

1. Add fourth label format: 64 x 85mm Safe Handling with country of origin and lot tracking.
2. Add country of origin messages and speed keys.
3. Change keysheet images to photographs.
4. Add operator name printing to continuous label format.
5. Add total price "sign post" to continuous label format.
